

Budget Application Form

Send this form to budget@typo3.org by latest at the stated deadline below. You will receive an automatic answer from our ticket system, confirming that your budget application was received. All inquiries regarding this budget form should be made to the Expert Advisory Board (EAB) by email. We are happy to help and guide you by setting up your budget application. General information about the budget process can be found [here](#).

I General Information

Budget Period 01.01.2017 – 31.12.2017
Deadline 14.10.16

Your Project

Project Name TYPO3 Extension news
Description The TYPO3 extension „news“ is one of the most used TYPO3 extensions (<https://www.mittwald.de/blog/cms/top-extensions-bei-mittwald-1-typo3>). Its easy usage and readiness for the upcoming LTS version is also essential for TYPO3 itself as TYPO3 is rarely used without any extensions. When it comes to projects with a lot of records, the interface must be improved to support editors better handling the amount of data.
