

## Issues

| #     | Project                      | Tracker | Status   | Priority    | Subject   | Assignee           | Category                     | Target version | Has patch |
|-------|------------------------------|---------|----------|-------------|---|--------------------|------------------------------|----------------|-----------|
| 9719  | Caretaker                    | Bug     | Resolved | Should have | Log message not correct escaped   | Thomas Hempel      | Backend                      | Alpha 2        |           |
| 23582 | TYPO3 Core                   | Bug     | Closed   | Should have | Docheader (save, save+view, save+close etc) missing                     | Steffen Kamper     |                              | 4.5.1          |           |
| 12266 | TYPO3.Flow                   | Bug     | Rejected | Should have | AccountRepository QueryResult not reflecting correct result             | Karsten Dambekalns | Persistence                  | 1.0 beta 1     |           |
| 7727  | TYPO3.Flow                   | Bug     | Resolved | Should have | Better handling of "wrong" parameters in ./flow3                        | Robert Lemke       | Core                         | 1.0 beta 1     |           |
| 25276 | TYPO3 Core                   | Bug     | Closed   | Should have | Backend toolbar (additionalBackendItems) doesn't use a common CSS class | Andreas Wolf       |                              | 4.6.0          |           |
| 37815 | TYPO3.Flow                   | Bug     | Closed   | Must have   | Object are not persisted  | Karsten Dambekalns | Persistence                  | 1.1            | No        |
| 37906 | TYPO3 Core                   | Bug     | Closed   | Should have | sys_action toolbar items doesn't go to right submodule                  |                    | Backend User Interface       | 6.0.0          |           |
| 45699 | TYPO3 Core                   | Bug     | Closed   | Should have | Implement pre- and post-hook around SELECT queries                      |                    | Database API (Doctrine DBAL) | 6.1.0          |           |
| 22767 | TYPO3 Core                   | Bug     | Closed   | Should have | "Create new element" got a lot of space between possible element        |                    |                              |                |           |
| 24275 | TYPO3 Core                   | Bug     | Closed   | Should have | "Marked as container for" not shown as select box                       | Ernesto Baschny    |                              |                |           |
| 79128 | TYPO3 Core                   | Bug     | Closed   | Should have | "Record history" is shown, even if hidden with TSConfig                 |                    | Backend User Interface       |                |           |
| 22684 | TYPO3 Core                   | Bug     | Closed   | Should have | "User Settings" doesn't have CSS style                                  | Steffen Gebert     |                              |                |           |
| 22396 | TYPO3 Core                   | Bug     | Closed   | Should have | Add "tiff" to imagefile_ext array                                       | Dmitry Dulepov     |                              |                |           |
| 20368 | TYPO3 Core                   | Bug     | Closed   | Should have | Automaticly append "www" to domain records                              | Oliver Hader       |                              |                |           |
| 28756 | TYPO3 Core                   | Bug     | Closed   | Should have | Cardlayout: Click in pagetree doesn't reload content                    | Soren Malling      | Backend User Interface       |                |           |
| 30543 | TYPO3 Flow Base Distribution | Bug     | Closed   | Should have | Classes disappearing cause havoc  |                    |                              |                |           |
| 12177 | TYPO3 Core                   | Bug     | Closed   | Should have | Closing dialog forces reload  |                    |                              |                |           |
| 83468 | TYPO3 Core                   | Bug     | Accepted | Should have | Custom icon for "Folder" is not shown                                   |                    | Pagetree                     |                |           |
| 11350 | Calendar using extbase       | Bug     | On Hold  | Must have   | Error creating new events   | Christian Zenker   |                              |                |           |
| 49279 | TYPO3 Core                   | Bug     | Closed   | Should have | Exclude doktypes from pagetree by user TSconfig                         |                    | Pagetree                     |                |           |
| 22766 | TYPO3 Core                   | Bug     | Closed   | Should have | Export/Import to/from .t3d lacks new sprite icons                       | Steffen Ritter     |                              |                |           |
| 21698 | TYPO3 Core                   | Bug     | Closed   | Should have | Extension category title not properly rendered in backend               |                    |                              |                |           |
| 52946 | TYPO3 Core                   | Bug     | Closed   | Should have | ExtensionUtility::configurePlugin doesn't set typoscript                |                    | Backend API                  |                |           |

| #     | Project                   | Tracker | Status   | Priority    | Subject   | Assignee           | Category                      | Target version | Has patch |
|-------|---------------------------|---------|----------|-------------|---|--------------------|-------------------------------|----------------|-----------|
| 35322 | TYPO3 Core                | Bug     | Closed   | Should have | Firefox 11: Multiple RTE on one page fails to "enable" field until change of tab                |                    | RTE (rtehtmlarea + ckeeditor) |                |           |
| 24273 | TYPO3 Core                | Bug     | Closed   | Should have | help_aboutmoules hardcoded as start up module - returns error if uninstalled                    | Steffen Kamper     |                               |                |           |
| 23850 | TYPO3 Core                | Bug     | Closed   | Should have | HSC header is not bold, in be_group "Page types"  |                    |                               |                |           |
| 22654 | TYPO3 Core                | Bug     | Closed   | Should have | htmlArea RTE: RTE is greyed out and has no "styles" in page module QuickEdit                    | Stanislas Rolland  |                               |                |           |
| 22763 | TYPO3 Core                | Bug     | Closed   | Should have | Icons missing in page tree for "Page contains" pages  | Steffen Ritter     |                               |                |           |
| 10669 | TYPO3.Flow                | Bug     | Closed   | Should have | Login session not "cleared" when creating new admin (security framework related?)               |                    | Security                      |                |           |
| 52014 | TYPO3.Flow                | Bug     | New      | Should have | Migration makes fields NOT NULL even though not true  |                    | Persistence                   |                | No        |
| 7726  | TYPO3.Kickstart           | Bug     | Resolved | Should have | model kickstarter doesn't accept comma seperated model names                                    | Karsten Dambekalns |                               |                |           |
| 23849 | TYPO3 Core                | Bug     | Closed   | Should have | No "Page types" icon in be_group editing, when using rendermode accessListRenderMode = checkbox | Chris topher       |                               |                |           |
| 9720  | Caretaker                 | Bug     | Resolved | Must have   | Not installed extensions are marked as installed in result                                      | Martin Ficzel      | Tests/Operations              |                |           |
| 28426 | TYPO3 Core                | Bug     | Closed   | Should have | Only one panel is visible at a time   |                    | Form Framework                |                |           |
| 25042 | TYPO3 Core                | Bug     | Closed   | Should have | options.moduleMenuCollapsable does not have any effect on extjs based menus                     |                    |                               |                |           |
| 22764 | TYPO3 Core                | Bug     | Closed   | Should have | Padding in the bottom of the TCEform  | Ingo Renner        |                               |                |           |
| 27510 | TYPO3 Core                | Bug     | Closed   | Should have | Pagetree not respecting TCAdefaults   |                    | Pagetree                      |                |           |
| 25056 | TYPO3 Core                | Bug     | Closed   | Should have | Pagetree: No indication of pages being copied, when copying a branch                            |                    | Backend User Interface        |                |           |
| 87581 | TYPO3 Core                | Bug     | Closed   | Should have | Reintroduce removed page tree TSconfig settings   | Soren Malling      | Pagetree                      |                |           |
| 59803 | Yet another Google search | Bug     | Resolved | Should have | Remove inclusion if tslib_pibase in pi2 plugin - for 6.2 compatibilty                           |                    |                               |                |           |
| 7676  | TYPO3.Kickstart           | Bug     | Resolved | Must have   | repository kickstarter create invalid PHP   | Karsten Dambekalns |                               |                |           |
| 79127 | TYPO3 Core                | Bug     | Accepted | Should have | Responsive LiveSearch toolbar item is rendered no matter access restriction                     |                    | Backend User Interface        |                |           |
| 49780 | TYPO3.Flow                | Bug     | New      | Should have | Roles are not synchronized  |                    | Security                      |                | No        |
| 22908 | TYPO3 Core                | Bug     | Closed   | Should have | Suggest wizard result is misplaced and with repeated background                                 | Chris topher       |                               |                |           |
| 23599 | TYPO3 Core                | Bug     | Closed   | Should have | Sysex Modules are shown in Module Menu, even though extensions are not installed                | Ernesto Baschny    |                               |                |           |
| 86909 | TYPO3 Core                | Bug     | Closed   | Should have | tt_content examples in "Page" module does not respect CType added via TSconfig                  |                    | Backend User Interface        |                |           |

| #     | Project                      | Tracker | Status         | Priority    | Subject  | Assignee          | Category                               | Target version  | Has patch |
|-------|------------------------------|---------|----------------|-------------|--|-------------------|--|-----------------|-----------|
| 87068 | TYPO3 Core                   | Bug     | Closed         | Must have   | Use BackendUtility::getPagesTSconfig in TSFE when getting tsconfig |                   | Frontend                               |                 |           |
| 22715 | TYPO3 Core                   | Bug     | Closed         | Should have | Writing name of existing database, doesn't use database            |                   |  |                 |           |
| 22287 | TYPO3 Core                   | Bug     | Closed         | Should have | Wrong flashmessage when clearing temporary data                    | Francois Suter    |  |                 |           |
