

## Issues

| #     | Project                      | Tracker | Status   | Priority    | Subject  | Assignee           | Category                      | Target version | Has patch |
|-------|------------------------------|---------|----------|-------------|--|--------------------|-------------------------------|----------------|-----------|
| 22767 | TYPO3 Core                   | Bug     | Closed   | Should have | "Create new element" got a lot of space between possible element                 |                    |                               |                |           |
| 24275 | TYPO3 Core                   | Bug     | Closed   | Should have | "Marked as container for" not shown as select box                                | Ernesto Baschny    |                               |                |           |
| 79128 | TYPO3 Core                   | Bug     | Closed   | Should have | "Record history" is shown, even if hidden with TSConfig                          |                    | Backend User Interface        |                |           |
| 22684 | TYPO3 Core                   | Bug     | Closed   | Should have | "User Settings" doesn't have CSS style   | Steffen Gebert     |                               |                |           |
| 12266 | TYPO3.Flow                   | Bug     | Rejected | Should have | AccountRepository QueryResult not reflecting correct result                      | Karsten Dambekalns | Persistence                   | 1.0 beta 1     |           |
| 22396 | TYPO3 Core                   | Bug     | Closed   | Should have | Add "tiff" to imagefile_ext array  | Dmitry Dulepov     |                               |                |           |
| 20368 | TYPO3 Core                   | Bug     | Closed   | Should have | Automatically append "www" to domain records                                     | Oliver Hader       |                               |                |           |
| 25276 | TYPO3 Core                   | Bug     | Closed   | Should have | Backend toolbar (additionalBackendItems) doesn't use a common CSS class          | Andreas Wolf       |                               | 4.6.0          |           |
| 7727  | TYPO3.Flow                   | Bug     | Resolved | Should have | Better handling of "wrong" parameters in .flow3                                  | Robert Lemke       | Core                          | 1.0 beta 1     |           |
| 28756 | TYPO3 Core                   | Bug     | Closed   | Should have | Cardlayout: Click in pagetree doesn't reload content                             | Soren Malling      | Backend User Interface        |                |           |
| 30543 | TYPO3 Flow Base Distribution | Bug     | Closed   | Should have | Classes disappearing cause havoc   |                    |                               |                |           |
| 12177 | TYPO3 Core                   | Bug     | Closed   | Should have | Closing dialog forces reload   |                    |                               |                |           |
| 83468 | TYPO3 Core                   | Bug     | Accepted | Should have | Custom icon for "Folder" is not shown  |                    | Pagetree                      |                |           |
| 23582 | TYPO3 Core                   | Bug     | Closed   | Should have | Docheader (save, save+view, save+close etc) missing                              | Steffen Kamper     |                               | 4.5.1          |           |
| 11350 | Calendar using extbase       | Bug     | On Hold  | Must have   | Error creating new events  | Christian Zenker   |                               |                |           |
| 49279 | TYPO3 Core                   | Bug     | Closed   | Should have | Exclude doktypes from pagetree by user TSconfig                                  |                    | Pagetree                      |                |           |
| 22766 | TYPO3 Core                   | Bug     | Closed   | Should have | Export/Import to/from .t3d lacks new sprite icons                                | Steffen Ritter     |                               |                |           |
| 21698 | TYPO3 Core                   | Bug     | Closed   | Should have | Extension category title not properly rendered in backend                        |                    |                               |                |           |
| 52946 | TYPO3 Core                   | Bug     | Closed   | Should have | ExtensionUtility::configurePlugin doesn't set typoscript                         |                    | Backend API                   |                |           |
| 35322 | TYPO3 Core                   | Bug     | Closed   | Should have | Firefox 11: Multiple RTE on one page fails to "enable" field until change of tab |                    | RTE (rtehtmlarea + ckeeditor) |                |           |
| 24273 | TYPO3 Core                   | Bug     | Closed   | Should have | help_aboutmoules hardcoded as start up module - returns error if uninstalled     | Steffen Kamper     |                               |                |           |
| 23850 | TYPO3 Core                   | Bug     | Closed   | Should have | HSC header is not bold, in be_group "Page types"                                 |                    |                               |                |           |
| 22654 | TYPO3 Core                   | Bug     | Closed   | Should have | htmlArea RTE: RTE is greyed out and has no "styles" in page module QuickEdit     | Stanislas Rolland  |                               |                |           |
| 22763 | TYPO3 Core                   | Bug     | Closed   | Should have | Icons missing in page tree for "Page contains" pages                             | Steffen Ritter     |                               |                |           |

| #     | Project                   | Tracker | Status   | Priority    | Subject   | Assignee           | Category                               | Target version  | Has patch |
|-------|---------------------------|---------|----------|-------------|---|--------------------|--|-----------------|-----------|
| 45699 | TYPO3 Core                | Bug     | Closed   | Should have | Implement pre- and post-hook around SELECT queries  |                    | Database API (Doctrine DBAL)           | 6.1.0           |           |
| 9719  | Caretaker                 | Bug     | Resolved | Should have | Log message not correct escaped   | Thomas Hempel      | Backend                                | Alpha 2         |           |
| 10669 | TYPO3.Flow                | Bug     | Closed   | Should have | Login session not "cleared" when creating new admin (security framework related?)               |                    | Security                               |                 |           |
| 52014 | TYPO3.Flow                | Bug     | New      | Should have | Migration makes fields NOT NULL even though not true  |                    | Persistence                            |                 | No        |
| 7726  | TYPO3.Kickstart           | Bug     | Resolved | Should have | model kickstarter doesn't accept comma seperated model names                                    | Karsten Dambekalns |  |                 |           |
| 23849 | TYPO3 Core                | Bug     | Closed   | Should have | No "Page types" icon in be_group editing, when using rendermode accessListRenderMode = checkbox | Chris topher       |  |                 |           |
| 9720  | Caretaker                 | Bug     | Resolved | Must have   | Not installed extensions are marked as installed in result                                      | Martin Ficzel      | Tests/Operations                       |                 |           |
| 37815 | TYPO3.Flow                | Bug     | Closed   | Must have   | Object are not persisted  | Karsten Dambekalns | Persistence                            | 1.1             | No        |
| 28426 | TYPO3 Core                | Bug     | Closed   | Should have | Only one panel is visible at a time   |                    | Form Framework                         |                 |           |
| 25042 | TYPO3 Core                | Bug     | Closed   | Should have | options.moduleMenuCollapsable does not have any effect on extjs based menus                     |                    |  |                 |           |
| 22764 | TYPO3 Core                | Bug     | Closed   | Should have | Padding in the bottom of the TCEform  | Ingo Renner        |  |                 |           |
| 27510 | TYPO3 Core                | Bug     | Closed   | Should have | Pagetree not respecting TCAdefaults   |                    | Pagetree                               |                 |           |
| 25056 | TYPO3 Core                | Bug     | Closed   | Should have | Pagetree: No indication of pages being copied, when copying a branch                            |                    | Backend User Interface                 |                 |           |
| 87581 | TYPO3 Core                | Bug     | Closed   | Should have | Reintroduce removed page tree TSConfig settings   | Soren Malling      | Pagetree                               |                 |           |
| 59803 | Yet another Google search | Bug     | Resolved | Should have | Remove inclusion if tslib_pibase in pi2 plugin - for 6.2 compatibilty                           |                    |  |                 |           |
| 7676  | TYPO3.Kickstart           | Bug     | Resolved | Must have   | repository kickstarter create invalid PHP   | Karsten Dambekalns |  |                 |           |
| 79127 | TYPO3 Core                | Bug     | Accepted | Should have | Responsive LiveSearch toolbar item is rendered no matter access restriction                     |                    | Backend User Interface                 |                 |           |
| 49780 | TYPO3.Flow                | Bug     | New      | Should have | Roles are not synchronized  |                    | Security                               |                 | No        |
| 87884 | TYPO3 Core                | Bug     | Closed   | Should have | Root page of page tree suddenly gets slug "/1"  | Benni Mack         | Link Handling, Site Handling & Routing | next-patchlevel |           |
| 87841 | TYPO3 Core                | Bug     | Closed   | Should have | Sitemap generation doesn't take request language into account                                   | Richard Haeser     | SEO                                    | next-patchlevel |           |
| 22908 | TYPO3 Core                | Bug     | Closed   | Should have | Suggest wizard result is misplaced and with repeated background                                 | Chris topher       |  |                 |           |
| 23599 | TYPO3 Core                | Bug     | Closed   | Should have | Sysex Modules are shown in Module Menu, even though extensions are not installed                | Ernesto Baschny    |  |                 |           |
| 37906 | TYPO3 Core                | Bug     | Closed   | Should have | sys_action toolbar items doesn't go to right submodule  |                    | Backend User Interface                 | 6.0.0           |           |

| #     | Project                      | Tracker | Status         | Priority    | Subject   | Assignee          | Category                               | Target version              | Has patch |
|-------|------------------------------|---------|----------------|-------------|---|-------------------|--|-----------------------------|-----------|
| 86909 | TYPO3 Core                   | Bug     | Closed         | Should have | tt_content examples in "Page" module does not respect CTypeS added via TSconfig |                   | Backend User Interface                 |                             |           |
| 87068 | TYPO3 Core                   | Bug     | Closed         | Must have   | Use BackendUtility::getPagesTSconfig in TSFE when getting tsconfig              |                   | Frontend                               |                             |           |
| 22715 | TYPO3 Core                   | Bug     | Closed         | Should have | Writing name of existing database, doesn't use database                         |                   |  |                             |           |
| 22287 | TYPO3 Core                   | Bug     | Closed         | Should have | Wrong flashmessage when clearing temporary data                                 | Francois Suter    |  |                             |           |
