

## Issues

| #     | Project                        | Tracker    | Status   | Priority    | Subject   | Assignee            | Category               | Target version | Has patch |
|-------|--------------------------------|------------|----------|-------------|---|---------------------|------------------------|----------------|-----------|
| 63524 | TYPO3 Core                     | Task       | Closed   | Should have | Use panels for "Template" configuration                                 |                     | Backend User Interface |                |           |
| 22767 | TYPO3 Core                     | Bug        | Closed   | Should have | "Create new element" got a lot of space between possible element        |                     |                        |                |           |
| 24275 | TYPO3 Core                     | Bug        | Closed   | Should have | "Marked as container for" not shown as select box                       | Ernesto Baschny     |                        |                |           |
| 79128 | TYPO3 Core                     | Bug        | Closed   | Should have | "Record history" is shown, even if hidden with TSConfig                 |                     | Backend User Interface |                |           |
| 22684 | TYPO3 Core                     | Bug        | Closed   | Should have | "User Settings" doesn't have CSS style                                  | Steffen Gebert      |                        |                |           |
| 6560  | TYPO3.Fluid                    | Task       | Closed   | Must have   | A reset button for formViewHelper [Made and attached]                   | Sebastian Kurfuerst | ViewHelpers            |                | No        |
| 12266 | TYPO3.Flow                     | Bug        | Rejected | Should have | AccountRepository QueryResult not reflecting correct result             | Karsten Dambekalns  | Persistence            | 1.0 beta 1     |           |
| 22396 | TYPO3 Core                     | Bug        | Closed   | Should have | Add "tiff" to imagefile_ext array                                       | Dmitry Dulepov      |                        |                |           |
| 36233 | TYPO3.CouchDB                  | Task       | Resolved | Should have | Adjust Command controller to new CLI class definition                   | Soren Malling       |                        |                |           |
| 49922 | TYPO3 Core                     | Feature    | Closed   | Should have | Allow "additionalWhereClause" for selection of items to pagetree        |                     | Pagetree               |                |           |
| 53402 | Planet TYPO3                   | Task       | New      | Should have | Ask design team for new wireframes                                      |                     |                        |                |           |
| 86962 | TYPO3 Core                     | Feature    | Closed   | Could have  | Asset pipeline: Only include assets for rendered content elements       |                     | Frontend               |                |           |
| 20368 | TYPO3 Core                     | Bug        | Closed   | Should have | Automatically append "www" to domain records                            | Oliver Hader        |                        |                |           |
| 25276 | TYPO3 Core                     | Bug        | Closed   | Should have | Backend toolbar (additionalBackendItems) doesn't use a common CSS class | Andreas Wolf        |                        | 4.6.0          |           |
| 7727  | TYPO3.Flow                     | Bug        | Resolved | Should have | Better handling of "wrong" parameters in ./flow3                        | Robert Lemke        | Core                   | 1.0 beta 1     |           |
| 9486  | Fluid - ViewHelper - Incubator | Suggestion | New      | Could have  | breadcrumb  |                     |                        |                |           |
| 28756 | TYPO3 Core                     | Bug        | Closed   | Should have | Cardlayout: Click in pagetree doesn't reload content                    | Soren Malling       | Backend User Interface |                |           |
| 31947 | Caretaker                      | Feature    | New      | Should have | caretaker_instance - file path check, check size                        |                     | Tests/Operations       |                |           |
| 30543 | TYPO3 Flow Base Distribution   | Bug        | Closed   | Should have | Classes disappearing cause havoc  |                     |                        |                |           |
| 12177 | TYPO3 Core                     | Bug        | Closed   | Should have | Closing dialog forces reload  |                     |                        |                |           |
| 33487 | TYPO3.Fluid                    | Feature    | Closed   | Could have  | Configure from what package to use Templates/Partial/Layouts            | Bastian Waidelich   | Core                   |                | No        |
| 83468 | TYPO3 Core                     | Bug        | Accepted | Should have | Custom icon for "Folder" is not shown                                   |                     | Pagetree               |                |           |
| 23582 | TYPO3 Core                     | Bug        | Closed   | Should have | Docheader (save, save+view, save+close etc) missing                     | Steffen Kamper      |                        | 4.5.1          |           |

| #     | Project                        | Tracker    | Status         | Priority    | Subject  | Assignee          | Category                               | Target version              | Has patch |
|-------|--------------------------------|------------|----------------|-------------|--|-------------------|--|-----------------------------|-----------|
| 11350 | Calendar using extbase         | Bug        | On Hold        | Must have   | Error creating new events  | Christian Zenker  |  |                             |           |
| 49279 | TYPO3 Core                     | Bug        | Closed         | Should have | Exclude doktypes from pagetree by user TSconfig                                  |                   | Pagetree                               |                             |           |
| 22766 | TYPO3 Core                     | Bug        | Closed         | Should have | Export/Import to/from .t3d lacks new sprite icons                                | Steffen Ritter    |  |                             |           |
| 26103 | TYPO3 Core                     | Feature    | Closed         | Should have | EXT:felogin templateFile should be configurable through a constant               |                   | felogin                                |                             |           |
| 30920 | TYPO3 Core                     | Task       | Closed         | Should have | EXT:recycler: defaultTable should be configurable                                |                   |  |                             |           |
| 21698 | TYPO3 Core                     | Bug        | Closed         | Should have | Extension category title not properly rendered in backend                        |                   |  |                             |           |
| 52946 | TYPO3 Core                     | Bug        | Closed         | Should have | ExtensionUtility::configurePlugin doesn't set typoscript                         |                   | Backend API                            |                             |           |
| 9729  | Caretaker                      | Feature    | Needs Feedback | Could have  | Feature: Hook for adding data before displaying [attached]                       | Martin Ficzel     | Frontend                               |                             |           |
| 35322 | TYPO3 Core                     | Bug        | Closed         | Should have | Firefox 11: Multiple RTE on one page fails to "enable" field until change of tab |                   | RTE (rtehtmlarea + ckeeditor)          |                             |           |
| 27306 | Commenting system (comments)   | Feature    | Closed         | Should have | Flexform fields should be excludable   | Ingo Renner       |  |                             | Yes       |
| 7508  | Fluid - ViewHelper - Incubator | Suggestion | Needs Feedback | Should have | form.noFunctionButton  |                   |  |                             |           |
| 53401 | Planet TYPO3                   | Task       | Needs Feedback | Should have | Have GIT repositories created  |                   |  |                             |           |
| 50360 | TYPO3 Core                     | Feature    | Accepted       | Should have | Having only one record type in "New record" should forward to TCEform            |                   | Backend User Interface                 | Candidate for Major Version |           |
| 24273 | TYPO3 Core                     | Bug        | Closed         | Should have | help_aboutmoules hardcoded as start up module - returns error if uninstalled     | Steffen Kamper    |  |                             |           |
| 23850 | TYPO3 Core                     | Bug        | Closed         | Should have | HSC header is not bold, in be_group "Page types"                                 |                   |  |                             |           |
| 22654 | TYPO3 Core                     | Bug        | Closed         | Should have | htmlArea RTE: RTE is greyed out and has no "styles" in page module QuickEdit     | Stanislas Rolland |  |                             |           |
| 22763 | TYPO3 Core                     | Bug        | Closed         | Should have | Icons missing in page tree for "Page contains" pages                             | Steffen Ritter    |  |                             |           |
| 45699 | TYPO3 Core                     | Bug        | Closed         | Should have | Implement pre- and post-hook around SELECT queries                               |                   | Database API (Doctrine DBAL)           | 6.1.0                       |           |
| 37838 | TYPO3 Core                     | Feature    | Closed         | Should have | Import translation on a per-extension-base                                       |                   | Language Manager (backend)             |                             |           |
| 29774 | TYPO3 Core                     | Task       | Closed         | Should have | Improve information in show_item.php   |                   |  |                             |           |
| 87823 | TYPO3 Core                     | Feature    | Closed         | Could have  | Introduce "class" to StaticRouteResolver configuration                           |                   | Link Handling, Site Handling & Routing |                             |           |
| 30296 | TYPO3 Core                     | Task       | Closed         | Should have | Linkvalidator should have a hook for report markers                              | Philipp Gampe     | Linkvalidator                          | 4.7.0                       |           |
| 9719  | Caretaker                      | Bug        | Resolved       | Should have | Log message not correct escaped  | Thomas Hempel     | Backend                                | Alpha 2                     |           |
| 34056 | TYPO3 Core                     | Feature    | Closed         | Should have | Log to sys_log when changes are made to scheduler tasks                          |                   | scheduler                              |                             |           |

| #     | Project                      | Tracker | Status         | Priority    | Subject   | Assignee           | Category               | Target version | Has patch |
|-------|------------------------------|---------|----------------|-------------|---|--------------------|------------------------|----------------|-----------|
| 10669 | TYPO3.Flow                   | Bug     | Closed         | Should have | Login session not "cleared" when creating new admin (security framework related?)               |                    | Security               |                |           |
| 46328 | TYPO3 Core                   | Feature | Closed         | Should have | Make table field selector easier to select from   |                    | Backend User Interface |                |           |
| 52014 | TYPO3.Flow                   | Bug     | New            | Should have | Migration makes fields NOT NULL even though not true  |                    | Persistence            |                | No        |
| 7726  | TYPO3.Kickstart              | Bug     | Resolved       | Should have | model kickstarter doesn't accept comma seperated model names                                    | Karsten Dambekalns |                        |                |           |
| 27345 | TYPO3 Core                   | Feature | Closed         | Should have | Move "Appearance" tab before "Access" tab   |                    | Backend User Interface |                |           |
| 39603 | TYPO3 Core                   | Task    | Closed         | Should have | Move default columns to a backend_layout configuration  | Soren Malling      | Backend User Interface |                |           |
| 23849 | TYPO3 Core                   | Bug     | Closed         | Should have | No "Page types" icon in be_group editing, when using rendermode accessListRenderMode = checkbox | Chris topher       |                        |                |           |
