Hi, do you already know which options you'd need to add to TCA?  
Greetings, Sebastian

##### #4 - 2005-11-18 11:34 - Ernesto Baschny

I've discovered that the "new page wizard" can be expanded in extensions with the \$TBE\_MODULES\_EXT["xMOD\_db\_new\_content\_el"]["addEIClasses"] hook and a "\_wizicon.php" class.

So the only trouble that remains is that the order of items is relevant, as I cannot add anything to the "Common Elements". I can just append to the "Plugins" section (or create a new section on my own).

We should group the items before outputting, so I can also add to "common\_" or other groups that are already available.

##### #5 - 2009-10-05 08:46 - Ernesto Baschny

Resolved by Steffen's new feature (rev. 4954, [#19382](#))
