#### Description

If a new child record was created dynamically using an AJAX call. Umlauts like "äöüß" were not displayed correctly due to a missing character encoding.

(issue imported from #M4820)

#### History

##### #1 - 2007-01-21 15:08 - Oliver Hader

See the attached patch 0004820.patch that uses utf8\_encode to show up special chars correctly.

##### #2 - 2007-01-23 13:47 - Thomas Hempel

The patch fixes the problem

##### #3 - 2007-01-24 14:14 - Oliver Hader

Committed to Trunk.
