#### History

##### #1 - 2008-10-28 12:58 - Karsten Dambekalns

- Priority changed from *Should have* to *Must have*
- Target version set to *1.0 alpha 1*

##### #2 - 2008-11-10 17:39 - Robert Lemke

- Status changed from *New* to *Closed*

After experimenting with it, I realized that the Component Manager must still be able to return also prototypes, because there simply are situations in which the client code doesn't know if the target component is prototype or singleton.

Still, `getComponent()` is rather a low-level infrastructure method than one that should be used everywhere.
