

TYPO3 Core - Feature #20475

Remove static require_once() to t3lib and tslib and use autoloading instead

2009-05-19 16:31 - Oliver Hader

Description

Since autoloading is integrated in the TYPO3 Core it's not required to statically require files without knowing whether they are really required.

(issue imported from #M11148)

History
