

## TYPO3.Flow - Bug #2244

### Exception is not catchable. Exception is still shown after throwStatus

2008-11-29 09:28 - Christoph Blömer

<b>PHP Version:</b>			
<b>Has patch:</b>			

#### Description

If I execute the following code in FLOW3 a F3::PHPCR::NodeType::NoSuchNodeTypeException is thrown:

```
$taskManagement1 = $this->objectFactory->create('F3::TaskManagement::Domain::TaskManagement');
$taskManagement1->setName('TheTaskManagement');
$this->taskManagementRepository->add($taskManagement1);
```

Then I tried to catch the Exception which is thrown and throw a status.

```
try {
$taskManagement1 = $this->objectFactory->create('F3::TaskManagement::Domain::TaskManagement');
$taskManagement1->setName('TheTaskManagement');
$this->taskManagementRepository->add($taskManagement1);
} catch(F3::PHPCR::NodeType::NoSuchNodeTypeException $e) {
$this->throwStatus(500);
}
```

Result: This does not work and no "500 Internal Server Error" is shown. Only the Exception itself.

After that I added the throwStatus(500) outside the catch-block to check if that works.

Result:The Status "500 Internal Server Error" is shown but also the exception appears.

Is this the correct behavior, that the exception is still shown after throwing the status?

#### History

##### #1 - 2009-01-23 15:35 - Karsten Dambekalns

- Status changed from New to Needs Feedback

- Assignee set to Karsten Dambekalns

Works for me with the current FLOW3, i.e. throwStatus() masks an exception in development and production context. Is this still an issue?

##### #2 - 2009-01-31 21:51 - Karsten Dambekalns

internal note: "soweit ich noch weiß ist die sache die: das der catch block mit F3::PHPCR::NodeType::NoSuchNodeTypeException \$e nicht funktionierte. es ging nicht um throwStatus. es war einfach nicht möglich die exception abzufangen."

##### #3 - 2009-02-01 06:12 - Christoph Blömer

I can not reproduce it. I think the problem is gone. Maybe I should have asked for ::F3::PHPCR::NodeType::NoSuchNodeTypeException.

This was in Beta 1 or 2 and now the namespace syntax has changed and you have to ask for \F3\PHPCR\NodeType\NoSuchNodeTypeException.

I would say this bug is resolved.
