

TYPO3 Core - Bug #23912

taskcenter - wrongly created path for icon (in certain conditions)

2010-11-02 11:34 - Krystian Szymukowicz

Description

PROBLEM:

The path for icon in taskcenter is created with:

```
$icon = $GLOBALS['BACK_PATH'] . '../' . str_replace(PATH_site, "", $absIconPath);
```

There are some edge situations when the PATH_site is equal to "/". In that case the backslash from icon path will be removed and such path of icon generated:

http://example.com/typo3sysextsys_actionx-sys_action.png

SOLUTION:

Check if path is "/"

```
$icon = $GLOBALS['BACK_PATH'] . '../' . (PATH_site == '/' ? $absIconPath : str_replace(PATH_site, "", $absIconPath));
```

(issue imported from #M16216)

History

#1 - 2010-11-26 12:28 - Kevin Ulrich Moschallski

Hi,

which TYPO3 version does this patch belongs to?

#2 - 2010-11-26 12:47 - Krystian Szymukowicz

Seems like the path in the patch is wrong.

I will create second patch.

#3 - 2010-11-26 13:16 - Krystian Szymukowicz

New version of patch with relative pathes uploaded. Sorry for trouble.

#4 - 2010-11-26 13:30 - Kevin Ulrich Moschallski

+1 by reading and testing.

Can't find this issue in the core list, did you post it there?

#5 - 2010-11-26 13:46 - Krystian Szymukowicz

Tnx.

Yes it was posted on 2010.11.02

#6 - 2010-12-09 11:11 - Krystian Szymukowicz

v3 - new version of the patch according to Jeff Segars suggestions.

#7 - 2013-11-25 09:11 - Alexander Opitz

- Target version deleted (0)

- *TYPO3 Version set to 4.4*
- *Is Regression set to No*

Hi,

as this issue is very old. Does the problem still exists within newer versions of TYPO3 CMS (4.5 or 6.1)?

#8 - 2014-12-13 21:46 - Georg Ringer

- *Status changed from New to Closed*

task center has been redone with 4.5, therefore I am closing this issue.

feel free to reopen if still valid
