[+BUGFIX] Reflection Service does not save emerged class reflections

Because the Reflection Service was not correctly connected to the bootstrap shutdown emerged classes (which were not automatically registered during compile time) were not saved into the cache and therefore reflected again on every run.

This patch introduces new signals into the bootstrap and Core Command controller and makes connects the Reflection Service's saveToCache() method to one of the new signals.

This bug fix was auctioned at the T3BOARD11 bug auction by wildside.dk

Change-Id: I25d94f6ea84dfa84ea29aed830c71c3bbe183079  
Resolves: #25607

#### History

##### #1 - 2011-04-01 00:28 - Robert Lemke

- Subject changed from *File Monitor does not work with third party namespaces* to *Reflection Service does not save emerged class reflections*
