

GSoC 2011: Static File Caching - Feature #27108

Major Feature # 26891 (New): Implement basic static file caching as new caching framework backend

Implement clearing of static file caches

2011-05-28 13:48 - Oliver Hader

Status:	New	Start date:	2011-05-28
Priority:	Should have	Due date:	
Assignee:	Ryan Graham	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Mid of term		

Description

See the accordant clearCache possibilities in t3lib_TCEmain and forward these calls to the urlcache to get it cleared as well.

Possibilities:

- all - clear all caches
- pages - clear pages cache (all pages) - for staticfiles this is similar to all
- int:pageId - clear only cache for a particular page and its variations (the cHash thingy, e.g. "id=13", "id=13&cHash=a", "id=13&cHash=b")

History

#1 - 2011-05-28 13:55 - Oliver Hader

- Target version set to Mid of term

#2 - 2011-06-17 19:50 - Oliver Hader

- Assignee set to Ryan Graham
