

Conference Management - Bug #27631

Reenable login page

2011-06-21 20:31 - Bastian Waidelich

Status:	Resolved	Start date:	2011-06-21
Priority:	Should have	Due date:	
Assignee:	Bastian Waidelich	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	Early Bird Tickets		
Description			
<p>With I3667e18aa60b4c3b422d51ad52eeee0a289205b3 the login page has been disabled (and a dropout loginbox has been added). But currently we still forward to "login.html" if the user tries to access a protected page he is not allowed to see.. That looks like this: http://t3con11-frankfurt.typo3.org/login.html</p> <p>The access restriction of the login page should be changed from hidden=true to hiddenInIndex=true the login page should be adjusted.</p> <p>An alternative solution would be to change the security:authentication:providers:DefaultProvider:entryPoint:WebRedirect:uri setting.</p>

Revision fa06bf6a - 2011-07-14 18:44 - Bastian Waidelich

[TASK] Adjust login page to SSO login

Currently login page is not in use, but it should be reenabled.

This change adjusts the markup of the login page to be in synch with the dropout loginbox of the conference site.
