

TYPO3.Flow - Bug #28035

FLOW3_REWRITEURLS is not taken into credit

2011-07-09 15:23 - Markus Bucher

Status:	Closed	Start date:	2011-07-09
Priority:	Should have	Due date:	
Assignee:	Bastian Waidelich	% Done:	0%
Category:	MVC - Routing	Estimated time:	0.00 hour
Target version:		Complexity:	
PHP Version:			
Has patch:			

Description

When mod_rewrite is not active and thus FLOW3_REWRITEURLS is not set with SetEnv, there is no error showing up during installation process or in Backend. This leads to errors and should be fixed.

Using FLOW3 without mod_rewrite is perfectly okay – you just won't have the nice URLs. Which errors did you experience?

#2 - 2011-10-11 10:08 - Markus Bucher

True, works like a charm. My bad, there was a .htaccess some folders before trying to use mod_rewrite. This led to the error.

Bug closed.

#3 - 2011-10-11 10:09 - Markus Bucher

ehm, please close, no right to do so :-)

#4 - 2011-10-11 10:52 - Bastian Waidelich

- Category changed from Validation to MVC - Routing

- Status changed from Needs Feedback to Closed

- Assignee set to Bastian Waidelich

- Target version deleted (1.1)
