Description	
The error occurs in: TYPO3 4.4.8 Firefox 5	
In a tca-field from the type date / datetime you can still use the Date Picker, but when you click on a day the value is not sent into the textfield.

I have just checked that with Firefox 5 and master (TYPO3 4.6.0alpha3). It works there. (I don't have an older version available currently.)

Do you get an error on the Console in Firefox?

#2 - 2011-07-15 09:55 - Karl Schlicker

Could be the same as Bug [#27939](#).

Have you downgrade you TYPO3 Version to 4.4.7 an check this error?

My error on the console in firefox is "oldValue is not defined".

I checked this Firefox5-Bug with the following TYPO3-versions:

TYPO3 4.4.6: working

TYPO3 4.4.7: working

TYPO3 4.4.8: NOT working

Fine in 4.5-tree.

This broke in the 4.4-tree with

commit 96cac1f3ab7382556b6cce7e0cb135b72d44d978

```
[BUGFIX] Using datetime field with datepicker the time information gets lost
```

```
As the datepicker only return date information, the time information gets lost when select a new date with datepicker.
```

Solution:

#5 - 2011-07-17 20:37 - Chris topher

- Subject changed from *Backend-Date-Picker (former date2cal)* does not work in TYPO3 4.4.8 & Firefox 5 to *Date Picker* does not work in TYPO3 4.4.8 with Firefox 5: "oldValue is not defined"

#6 - 2011-08-10 11:23 - Grégory Goidin

Still not working on typo3 4.4.9
