TYPO3 Core - Bug #30852

Multilingual search in translated pages: Results of default language always linking to current language

2011-10-12 17:13 - Florian Busch (floxx)

Status:	Closed		**Start date:**	2011-10-12

Target version:	8 LTS			
TYPO3 Version:	4.5		**Complexity:**	
PHP Version:			**Is Regression:**	No
Tags:			**Sprint Focus:**	

Description

If indexed_search is configured to list search results from all languages on one page...

plugin.tx_indexedsearch._DEFAULT_PI_VARS.lang >

...and you're searching on translated page (with i.e. &L=1 as param) every result from default language links to current linkVar (in this case &L=1).

That's because function linkPage() from class.tx_indexedsearch.php calls pi_linkToPage() without linkVars if result is from default language. So the current linkVar will be appended in function linkData() of class.t3lib_tstemplate.php which results in defaul language result, linking to current, translated language.

Diff appended.

[BUGFIX] Indexed Search: Always add L parameter to links

Make linkPage method always add language parameter (L) to links
in search results.
This is especially important when you are showing results
from multiple languages on one page.

Resolves: #30852
Releases: master, 7.6

Applied in changeset b6c8bb04cb8aeb518a789bac1088c7697c6484c6.

#11 - 2016-09-21 13:29 - Christian Toffolo

This change adds "L=0" also to results in default language and this consequently messes with Realurl cache.

This. Would be ace to have a typoscript config option to turn this off!
