Revision d222e935 - 2014-03-24 20:36 - Marc Bastian Heinrichs

[TASK] Make section index from hidden headers work again

Before version 4.7 you could build up a section index with links to content elements with hidden headers.

Since version 4.7 elements with a hidden header type are sorted out for the section index, overriding the extra flag "sectionIndex", which is especially integrated for this.

This patch adds a extra flag for menu configuration sectionIndex named "includeHiddenHeaders" to make it possible to re-enable the behaviour of versions before 4.7.
