History

#1 - 2011-12-16 19:35 - Markus Klein

English translation:

When copying the complete page tree, the "Insert After" command will paste two copies of the tree.

#2 - 2011-12-17 11:36 - Steffen Gebert

- Status changed from New to Rejected

Thanks for your report S. I appreciate your contribution!

Nevertheless, it would be nice if you could search for existing bug reports (see [#26993](#)) and really file them in english. Although there are a lot of Germans around, still we try to stick to english.

Thanks for your understanding - have a nice day!
Steffen
