Description

The editor new stops trying to load in IE8 (and myabe other IE variants, have not tested yet).

After doing initial debugging it seems only one file is changed between 4.5.8 and 4.5.9:
typo3/sysext/rtehtmlarea/class.tx_rtehtmlarea_base.php

At this point, I am not sure of the precise reason for the braking changes in IE, but overwriting the file in 4.5.9 with the file from 4.5.8 makes the editor load again.

Please test this change: http://review.typo3.org/7341

#2 - 2011-12-19 19:30 - Lars Houmark

That seems to do it.

Successfully tested on 4.5.9. Working again in IE8.

Thanks!
