

TYPO3.Flow - Task #33537

Rename NotEmpty Validator to Required

2012-01-30 16:19 - Bastian Waidelich

Status: Closed	Start date: 2012-01-30
Priority: Won't have this time	Due date:
Assignee: Bastian Waidelich	% Done: 0%
Category: Validation	Estimated time: 0.00 hour
Target version:	Has patch: No
Sprint:	Complexity:
PHP Version:	
Description The NotEmpty validator has a special meaning as it is executed for empty values (NULL or "") too. "NotEmpty" is a bit misleading and I would suggest to rename that to "Required". For compatibility reasons the NotEmpty validator should be kept as subclass with @obsolete annotation.

History

#1 - 2012-05-08 18:02 - Bastian Waidelich

- Status changed from New to Closed
- Priority changed from Should have to Won't have this time
- Target version deleted (1.1)

There are more important issues at the moment so it is not worth the effort
