<b>Tags:</b>			
<b>Description</b>			
In tt_news for example i have a datetime field. When i pick a date with the datepicker, the default time is set to 0:00. Changing the time manually and picking another day overwrites the time again to 0:00			
I would expect that the time is set to the current time and will not change when picking another day with the datepicker.			
This issue is related to <a href="#">#25043</a> .

##### Revision 218f304d - 2012-07-17 10:07 - Simon Schaufelberger

[BUGFIX] datepicker does not set current time as default

Changing the time manually and picking another day overwrites the time and sets it again to 0:00.

[BUGFIX] Load date-time picker in scheduler module

The date-time picker must be loaded explicitly.

Fix for regression #31027 that was introduced to 4.5 with issue #33629

#### History

##### #1 - 2012-02-02 15:57 - Simon Schaufelberger

The main source part is in:

t3lib/js/extjs/tceforms.js starting from line 63.

i changed to code to this:

```
if (index === 1 && oldValue !== undefined) {
    //datetimefield, preserve time information
    date.setHours(oldValue.getHours());
    date.setMinutes(oldValue.getMinutes());
} else {
    oldValue = Date();
    date.setHours(oldValue.getHours());
    date.setMinutes(oldValue.getMinutes());
}
```

but this does not solve the overwriting of the now current time.

## #2 - 2012-03-15 14:16 - Benni Mack

- File *tceforms\_date\_datetime\_4.5.patch* added

Attached is a patch that backports all necessary files from 4.6 to 4.5 (the only version where this is happening).

Thanks to punkt.de for fixing this bug!

## #3 - 2012-03-19 18:34 - Simon Schaufelberger

hi Benny!

thank you very much! Can you do me a favor and push this to gerrit please?

## #4 - 2012-03-20 11:56 - Jigal van Hemert

Please ask the RM of 4.5 (Ernesto) if he wants this feature backported. If he agrees the patch can be pushed to the *TYPO3\_4-5\_backports* branch.

## #5 - 2012-03-20 12:36 - Simon Schaufelberger

- Assignee set to *Ernesto Baschny*

- Target version set to *4.5.14*

Hi Ernesto,

can this BUG be backported to 4.5? This was working well in earlier releases like expected.

## #6 - 2012-04-19 17:29 - Ernesto Baschny

- Category set to *Backend User Interface*

- Status changed from *New* to *Accepted*

- Target version changed from *4.5.14* to *4.5.16*

@Simon, thanks for bringing that to my attention by mail. I have missed the notification from Forge for this issue.

This seems to be an usability fix and indeed this can and should be solved also on 4.5. The backport from Benni seems to work, and as it clearly fixes the bug it can of course be backported. Remains to be evaluated during the review if there aren't any other side-effects, but since the code works on 4.6 and later, it should be ok.

+1 on backporting

## #7 - 2012-05-24 10:53 - Gerrit Code Review

- Status changed from *Accepted* to *Under Review*

Patch set 1 for branch **TYPO3\_4-5** has been pushed to the review server.

It is available at <http://review.typo3.org/11568>

## #8 - 2012-05-24 11:06 - Gerrit Code Review

Patch set 2 for branch **TYPO3\_4-5** has been pushed to the review server.

It is available at <http://review.typo3.org/11568>

## #9 - 2012-07-17 10:10 - Ernesto Baschny

- Status changed from *Under Review* to *Resolved*

- Target version changed from *4.5.16* to *4.5.18*

Merged in 4.5. Thanks!

**#10 - 2017-10-24 20:20 - Riccardo De Contardi**

- *Status changed from Resolved to Closed*
