#### Description

Currently method security acls follow a whitelist approach and content security acls follow a blacklist approach. This should be streamline to a whiteliste approach for both.

[!!!][FEATURE] Turn content security acl logic upside down

This change realizes a whitelist approach for content security acls. By this content security acls work with the same logic as method security.

Change-Id: I0ebe2325da57d0168604cb6a46e0026c1032eb02

Releases: 1.1

Resolves: #34464
