Does it work in Google Chrome on Mac?

Sorry for my late response ... Google Chrome works and only Safari has this problem.

You should clear the RTE cache, using the BE Clear cache menu, after applying the patch.

Sorry, I've no chance to test it in Safari 5. I can only test it in Safari 6 (it's a cutomers Mac) and it seems that in Safari 6 the reported bug does'nt exist anymore. But your Patch definitely works also with Safari 6 and Chrome.

I hope anybody else can test your patch with Safari 5.

Thanks for your work Stanislas.

Thanks for testing. I think that if this works in Safari 6, it will work also in Safari 5. I cannot test on Mac, and Safari dropped support for Windows, but it does work in Safari 5 under Windows 7.
