

TYPO3.Flow - Bug #36236

Call to method not being backed by an interface in Http RequestHandler

2012-04-17 17:13 - Adrian Föder

Status: Resolved	Start date: 2012-04-17
Priority: Must have	Due date:

Target version: 1.1	Complexity:
PHP Version:	
Has patch: No	

Description

in Http's RequestHandler's handleRequest() method, there is

```
$this->router->setRoutesConfiguration($this->routesConfiguration);
```

in ~~my case~~ case of a Widget Request, \$this->router is TYPO3\Fluid\Core\Widget\WidgetRouter which hasn't a setRoutesConfiguration() method.

So now there are few issues with that:

- the \$this->router is annotated to be \TYPO3\FLOW3\Mvc\Routing\Router, not ...RouterInterface
- the RouterInterface, however, hasn't the setRoutesConfiguration() method.
- the TYPO3\Fluid\Core\Widget\WidgetRouter doesn't implement from that interface
- and, as said, the TYPO3\Fluid\Core\Widget\WidgetRouter also doesn't have the setRoutesConfiguration().
