

TYPO3.Flow - Bug #36913

HTTP PUT data not recognized as arguments

2012-05-07 14:08 - Pankaj Lele

Status:	Resolved	Start date:	2012-05-07
Priority:	Must have	Due date:	
Assignee:	Robert Lemke	% Done:	100%
Category:	Http	Estimated time:	0.00 hour
Target version:	1.1 beta 2	Complexity:	medium
PHP Version:	5.3		
Has patch:	No		
Description			
Data submitted with HTTP PUT method is not recognized in the TYPO3\FLOW3\Http\Request			
This is required while developing a REST service with FLOW3. So e.g. with curl call like:			
curl -X PUT -d "name=New name" http://myservice.com/users/12345			
the MyController->updateAction(\$user, \$name) would receive \$name as an argument.

Revision 26f83dd3 - 2012-05-23 16:21 - Robert Lemke

[FEATURE] Support for HTTP PUT/DELETE arguments

This adds transparent argument support for arguments in PUT and DELETE requests which are passed through the request body. Depending on the content type of the request, the message body is parsed and then mapped into arguments for further use in controllers.

The following content content types are currently supported:

- application/x-www-form-urlencoded
- application/json
- xml
