

in2facebook - Feature #38312

Move all features from this extension into an own tab in the page properties

2012-06-22 18:06 - Simon Schaufelberger

Status:	New	Start date:	2012-06-22
Priority:	Should have	Due date:	
Assignee:	Alex Kellner	% Done:	0%
Category:		Estimated time:	1.00 hour
Target version:			
Description			
At the moment all extra fields are added unter "Extended" tab in the page properties. please move that into an own tab for better usability.			
this can be achived by adding:			
<pre>--div--;in2facebook,</pre>			
at the beginning of t3lib_extMgm::addToAllTCATypes			

History

#1 - 2012-06-22 18:08 - Simon Schaufelberger

the full line must be:

```
t3lib_extMgm::addToAllTCATypes('pages','--div--;in2facebook,tx_in2facebook_title, tx_in2facebook_type, tx_in2facebook_url, tx_in2facebook_image, tx_in2facebook_site_name, tx_in2facebook_admins, tx_in2facebook_description');
```
