Description			
You did a lot of work in your dokumentation with all the examples. Thank you for that. But sometimes it is easier to find an configuration feature if there ist a summary at one place to look up for. And if you don't find the feature, you are not sure if the feature don't exist or if you only skip the entry.			

History

#1 - 2012-07-30 22:55 - Laurent Foulloy

- Status changed from New to Needs Feedback

Configurations are described by type in the Reference section of the SAV Library Kickstarter documentation. A context sensitive help is also available in the SAV Library Kickstarter.

Are-you suggesting another feature ?

#2 - 2012-07-31 12:15 - kpk no-lastname-given

I mixed up Documentaion of sav_library_plus and sav_library_kickstarter
Now I found what I looked for.
Thanks
