

Base Distribution - Epic #40334

EPIC: Module Overview Pages

2012-08-28 12:23 - Robert Lemke

Status:	New	Start date:	
Priority:	Should have	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
basic idea: configure path to Fluid template inside the module configuration; this fluid template can then render a single "module widget"			
> create a ViewHelper which wraps StandaloneView			
> in case a "module widget" should do more interactive stuff, the fluid template can always include a fluid widget.			

History

#1 - 2012-08-28 12:25 - Robert Lemke

- File 20120508-8778bekgcwc6kxa9kngsuffxq7.jpg added
