

TYPO3.Flow - Bug #42833

Migration fails if InnoDB is not default engine

2012-11-10 01:07 - Jan Roth

Status: Closed	Start date: 2012-11-10
Priority: Should have	Due date:
Assignee:	% Done: 0%
Category: - Migrations -	Estimated time: 0.00 hour
Target version:	Complexity:
PHP Version:	
Has patch: No	

Description

MySQL Migration-Statements should have an Engine in Create Table Statements.
Migration fails if not.
