Target version:	2.0 beta 1		
Has patch:	No		

Description

Hi,

Found an error in the documentation [1], but I don't know this is the right place to report it.

The documentation example on f:email.link says:
<f:link.email email="foo@bar.tld">some custom content</f:emailink>

it should be:
<f:link.email email="foo@bar.tld">some custom content</f:link.email>
