History

#1 - 2009-09-04 11:45 - Robert Lemke

- Target version changed from 1.0.0 alpha 3 to 1.0.0 alpha 4

#2 - 2009-09-04 13:45 - Karsten Dambekalns

- Category set to Content / Instructions

- Status changed from New to Needs Feedback

- Assignee set to Karsten Dambekalns

I saw this today as well, but it worked on the next call (after removing the StandardController). So I suspect this to be a cacheing issue, it seems as if the file monitoring sometimes bails out.

Does it work for you if you manually clear the cache(s)?

#3 - 2009-09-04 18:00 - ziyad saeed

manually clearing the cache works. the exception is now gone

#4 - 2009-09-07 11:51 - Robert Lemke

- Status changed from Needs Feedback to Resolved
