#### Description

Hi,

i did something strange - after installing the ext - it worked again but IMO there should be a check in

typo3/sysex/scheduler/mod1/index.php line 1228

```
foreach ($GLOBALS['TYPO3_CONF_VARS']['SC_OPTIONS']['scheduler']['tasks'] as $class => $registrationInformation) {  
}
```

if this is really an array

patch is attached

#### Associated revisions

##### Revision 1216 - 2009-09-11 13:31 - Francois Suter

Added test to catch empty tasks registration list, resolves #4572

#### History

##### #1 - 2009-09-11 13:32 - Francois Suter

- Status changed from New to Resolved
- Assignee set to Francois Suter
- % Done changed from 0 to 100

Better safe than sorry ;-)

Patch applied in r1216

##### #2 - 2012-07-17 10:18 - Francois Suter

- Status changed from Resolved to Closed

##### #3 - 2013-12-10 01:24 - Michael Stucki

- Category set to scheduler

##### #4 - 2013-12-10 01:27 - Michael Stucki

- Project changed from Scheduler to TYPO3 Core
- Category changed from scheduler to scheduler
