

Sphinx Python Documentation Generator - Task #48111

Add support for Windows platforms

2013-05-11 10:04 - Xavier Perseguers

Status:	Closed	Start date:	2013-05-12
Priority:	Could have	Due date:	2013-05-12
Assignee:	Xavier Perseguers	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	0.6.0		
Description			
Windows platforms have not been tested (and are actually known NOT to be compatible) as the Python interpreter is more than unlikely to be found.			
However, this extension makes it simple to set up a Sphinx environment and as such, if one is willing to manually install and configure Python on a Windows platform, this extension should allow the rest to be done, that is configuring a full-fledge Sphinx environment.
