Description

If any RedirectLoopException is raised we have to mention that for any restart you have to remove the parameter (for standalone context) or click the menu entry again (backend context).

[BUGFIX] Improve message for the RedirectLoopException

If any RedirectLoopException is raised there should be a mention that for any restart the redirectCount parameter has to be removed or the install tool has to be restarted from backend.

Resolves: #52703

Releases: 6.2
