

Essential Dots DAM category sort - Bug #53312

failing SQL query

2013-11-04 15:49 - Christian Zenker

Status:	Under Review	Start date:	2013-11-04
Priority:	Should have	Due date:	
Assignee:	Christian Zenker	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
When uploading a new file in DAM a failing SQL query is reported.			
The appended patch disables the postProcessField Hook when uploading a new file.

The appended patch disables the postProcessField Hook when uploading a new file.

Not sure if just disabling the postProcessField hook is the right way to go. Will fix the SQL bug instead.

@Christian, should be fixed now. Please see if it works for you.

#4 - 2013-11-12 14:26 - Christian Zenker

It does work. Thanks for the help.
