Description

The error messages from the RteFileLinksUpdateWizard RteMagicImagesUpdateWizard and TceformsUpdateWizard are converted in the UpdateWizards to FlashMessages.

But with one of the install tool changes the messages are always shown as flashmessages. This breaks the current output. <div> and
 tags are shown now.

[BUGFIX] Install tool update wizards show html tags in error message

The RteFileLinksUpdateWizard, RteMagicImagesUpdateWizard and TceformsUpdateWizard convert there error messages to FlashMessages. But as the messages are now always wrapped in a flashmessage tag in the template this isn't needed anymore.

Resolves: #57285

Releases: 6.2
