| PHP Version: | Sprint Focus: |

Description
If you only change the configuration of an extension, the EM clears the system caches. This is overkill, since a configuration change will never have any influence on the classes cache for instance.

Revision 2dd84dd2 - 2014-11-03 15:59 - Markus Klein

[!!!][TASK] Do not clear caches after extension config change

This change removes the cache flush after extension configuration changes. Furthermore we avoid duplicate cache flushing on extension installation.

Resolves: #59966
Releases: master

Dear Markus,

shouldn't this patch already be included within 6.2.14 and 6.2.15?

Best regards,
Herbert

#6 - 2015-09-29 15:44 - Markus Klein
Hi Herbert!

No, I reported this for 6.2, but the fix is a major breaking change, hence it was included only for CMS 7.

Cheers,
Markus
