| <b>Target version:</b> 1.0 alpha 8   | <b>Complexity:</b>               |
| <b>PHP Version:</b>  |                                  |
| <b>Has patch:</b>  |                                  |
| <b>Description</b><br>When a resource object is discarded, the related file should be removed as well.<br><br>However, such a mechanism requires that the persistence framework provides some kind of hook to notify the resource manager about the removal of resource objects. |                                  |
