Description			
<p>Hi there,</p> <p>I have a problem with Forge and SVN. In one of my older extensions are no commits possible. I get a 403-error even though username and password are correct (works with other extension).</p> <p>Could it perhaps be related to the fact that the last commit for this extension was 2012?</p> <p>Here the output of the IDE (Netbeans)</p> <p>---</p> <pre>Sending E:\Typo3-Extensions\redirectlog\trunk\modfunc1\class.tx_redirectlog_modfunc1.php svn: E195023: Commit failed (details follow): svn: E195023: Changing file 'E:\Typo3-Extensions\redirectlog\trunk\modfunc1\class.tx_redirectlog_modfunc1.php' is forbidden by the server svn: E175013: Access to '/TYPO3v4/Extensions!/svn/ver/63887/redirectlog/trunk/modfunc1/class.tx_redirectlog_modfunc1.php' forbidden svn: E175002: Additional errors: svn: E175002: CHECKOUT of '/TYPO3v4/Extensions!/svn/ver/63887/redirectlog/trunk/modfunc1/class.tx_redirectlog_modfunc1.php': 403 Forbidden ---</pre> <p>With Tortoise directly I get the same messages</p> <p>A new checkout of the repository has brought nothing and it affects all the files, so above is just an example.</p> <p>Steffen says in german mailing list that i should open a issue here, so i do that now. I thank you.</p> <p>Rene</p>

Btw. why is the Forge project hidden? <https://forge.typo3.org/projects/extension-redirectlog>

#2 - 2014-08-05 09:31 - Michael Stucki

- Status changed from New to Needs Feedback

- Assignee set to Michael Stucki

Hi Rene,

please try again and let me know the time of your attempt. I can check the logs then...

Greetings, Michael

#3 - 2014-08-05 23:24 - Rene S.

Hi Michael,

what ever you've done, it works now.

Has the "hidden" state of the project caused the failure?

From my side, this issue can be closed now.

Thanks
Rene

- *Status changed from Needs Feedback to Resolved*

- *% Done changed from 0 to 100*

Hi Rene!

I'm not aware of any problems caused by the hidden state of a project, but good to hear that it works for you now!

Greetings, Michael
