

TYPO3.Flow - Bug #6092

Resources imported with importResource() are not published

2010-01-19 10:05 - Robert Lemke

Status:	Resolved	Start date:	2010-01-19
Priority:	Must have	Due date:	
Assignee:	Robert Lemke	% Done:	100%
Category:	Resource	Estimated time:	0.00 hour
Target version:	1.0 alpha 7	Complexity:	
PHP Version:			
Has patch:			

Description

If i call the ResourceManager->importResource direct, the image stores in Data/Persistence/Resources/ but NOT in the public folder _Resources/Persistent/. So i can't use it in the frontend

```
[...]  
$imageModel = $this->objectFactory->create('F3\\Tutorials\\Domain\\Model\\Image');  
$imageModel->setTitle('Test');  
$imageModel->setOriginalResource($this->resourceManager->importResource('/Users/jk/Desktop/IMG_2474.jpg'));  
[...]
```

if i use the way over the form upload in the frontend it works!
