History

#1 - 2014-09-13 00:37 - Tymoteusz Motylewski

the problem is that the first parameter is added with "&" instead of "?"

#2 - 2014-09-13 00:40 - Tymoteusz Motylewski

the patch from <https://review.typo3.org/#/c/32405/2> also solves this issue.
The question is whether this problem also occurs on 6.2 and if yes, how to solve it there.

Is this issue resolved?

#4 - 2014-09-17 11:06 - Tymoteusz Motylewski

on 6.3 yes, need to check what about 6.2

#5 - 2014-09-17 12:32 - Mateusz Wojtuła

I have checked it in TYPO3 6.2.4-dev and it works correctly.
