<b>Description</b>			
<p>This is primarily intended to be used with <b>async</b> and <b>defer</b> attributes which allow non-blocking rendering in the browser and deferred execution.</p> <p>It could also allow, once implemented, to have custom attributes on script tags which are popular in the form of data attributes (popularly is the requirejs data-main tag).</p> <p>I felt like asset handling in-core wise needed a little love and this is intended to be a first step.</p> <p>I'll upload a WIP changeset to Gerrit soon.</p>

- Status changed from Under Review to Needs Feedback

After you abandoned your patch. Is something left to get this issue done?

##### #6 - 2015-07-15 12:26 - Cedric Ziel

No, thx. Please close it for the time being.
