Description

In the list view you can easily select multiple lines with this nice usability feature:

<http://tympanus.net/Development/MultiElementSelection/index.html>

How about adding this to the core?

- Assignee set to Benni Mack

Where in the core should we use this? I like it.

#3 - 2017-04-25 17:20 - Riccardo De Contardi

Umm... Access List for example? ;)
