

TYPO3.Fluid - Bug #65424

SelectViewHelper must respect option(Value|Label)Field for arrays

2015-02-28 22:21 - Stefan Neufeind

Status:	Under Review	Start date:	2015-02-28
Priority:	Should have	Due date:	
Assignee:		% Done:	0%
Category:	ViewHelpers	Estimated time:	0.00 hour
Target version:			
Has patch:	No		
Description			
<pre><f:form.select options="{array}" optionValueField="uid" optionLabelField="title" /></pre>			
should work with the given array:			
<pre>array(array('uid' => 1, 'title' => 'Foo'), array('uid' => -1, 'title' => 'Bar'), array('title' => 'Baz'), array('uid' => '2'),)</pre>			
Currently fluid tries to use the keys as values and the arrays as label which results in an error.			
(Port to upstream from TYPO3 CMS, #65073)
