Description

Packages may depend on typo3/cms to refer to the TYPO3 CMS core.

But trying to install such a package in the Extension Manager fails:

```
#1382276561: The package "<extension>" depends on "typo3/cms" which is not present in the system.
```

This should be fixed until full Composer support is added to the core.

Revision ff809609 - 2015-09-04 23:50 - Mathias Brodala

[BUGFIX] Support packages depending on typo3/cms

This adds "typo3/cms" to the list of non composer requirements to allow packages to depend on it (and thus install the core through Composer) and still be installable in the Extension Manager.

Resolves: #65867

Releases: master, 6.2
