Description			
Class CategoryRegistry is missing options to set l10n_mode and l10n_display			
Simply adding:			
<pre>if (isset(\$options['l10n_mode'])) { \$columns[\$fieldName]['l10n_mode'] = \$options['l10n_mode']; } if (isset(\$options['l10n_display'])) { \$columns[\$fieldName]['l10n_display'] = \$options['l10n_display']; }</pre>			
to the method addTcaColumn of this class should add this small but useful feature.
