

TYPO3.Flow - Bug #6786

Persistence Query Orderings integers ordered like strings

2010-03-11 14:59 - Georg Ortner

Status:	Resolved	Start date:	2010-03-16
Priority:	Must have	Due date:	
Assignee:	Karsten Dambekalns	% Done:	100%
Category:	Persistence	Estimated time:	2.00 hours
Target version:	1.0 alpha 8	Complexity:	
PHP Version:			
Has patch:			

Description

Code (property order is declared as INT):

```
$query->matching( $query->equals('parentUUID', ''))  
->setOrderings(array('order' => \F3\FLOW3\Persistence\QueryInterface::ORDER_ASCENDING))
```

The result is:

```
1  
10  
12  
17  
2  
29  
3
```

If order was a string this would be fine but for an integer everyone would expect:

```
1  
2  
3  
10  
12  
17  
29
```
