1. to active the editing of the start and ending date from translated content element.  
unset(\$GLOBALS['TCA']['tt\_content']['columns']['starttime']['l10n\_display']);  
\$GLOBALS['TCA']['tt\_content']['columns']['starttime']['l10n\_mode'] = 'mergelfNotBlank';  
unset(\$GLOBALS['TCA']['tt\_content']['columns']['endtime']['l10n\_display']);  
\$GLOBALS['TCA']['tt\_content']['columns']['endtime']['l10n\_mode'] = 'mergelfNotBlank';

#### #2 - 2015-07-18 22:58 - Gerrit Code Review

- Status changed from New to Under Review

Patch set 1 for branch **master** of project **Packages/TYPO3.CMS** has been pushed to the review server.  
It is available at <http://review.typo3.org/41689>

#### #3 - 2015-07-19 11:00 - Andreas Wolf

- Status changed from Under Review to Rejected

That was a decision done on purpose, as the translated records are only overlays for the original language. Therefore, they cannot have independent start/end dates. If you need this, create an independent record in the translation language instead.
