

TYPO3.Flow - Bug #6846

The static object container is not rebuilt automatically if the FLOW3 revision changed

2010-03-15 15:17 - Robert Lemke

Status:	Resolved	Start date:	2010-03-15
Priority:	Should have	Due date:	
Assignee:	Robert Lemke	% Done:	100%
Category:	Core	Estimated time:	2.00 hours
Target version:	1.0 alpha 8	Complexity:	
PHP Version:			
Has patch:			

Description

If the FLOW3 revision changes, all caches are flushed. Because the static object container is no regular cache, it is missed and still used even if the FLOW3 revision changed. This can lead to fatal errors if classes have been deleted or otherwise modified.
