Description Register the icon "actions-input-clear" and replace the iconUtility calls for that icon with the IconFactory.	

History

#1 - 2015-08-12 07:25 - Markus Günther

Actually the icon is only used in the class ExtDirectTreeDataProvider. But the IconFactory has no method that just returns the classes like IconUtility::getSpriteIconClasses().

The method should / will be deprecated like the rest of IconUtility we need an alternative for the usage. I will talk to Benni about the problem.
